I'm an iOS developer and designer who loves to learn about new mobile and web technologies. I combine my Computer Science studies in Neural Networks and Probabilistic graphical models with developing iOS apps at Apple Developer Academy - Brazil.

EDUCATION

Federal Institute of Science and Technology - IFCE

Maracanaú, CE, Brazil

Bachelor's degree in Computer Science, January 2014 to December 2018

PROFESSIONAL EXPERIENCE

APPLE DEVELOPER ACADEMY - BRAZIL

Fortaleza, Brazil

Ambassador and iOS Developer

January 2016 – Present

- Developed a total of 6 apps for iOS, all at App Store with 4+ ratings
- Agile Development applications for iPhone, iPad, Apple Watch and Apple TV with native and 3rd party frameworks in Swift/Objective-C.
- Entrepreneurship stimulus with mentorship.
- Soft skills: Design, Elevator Pitch, Videos, Leadership, Team Management and Coordination
- As ambassador we increased the relationship between Apple Developer Academies in different cities in Brazil, by sharing knowledge and our enthusiasm to our fellows, with the purpose of improving this program for all students.

PISOM.COM VISUAL COMMUNICATION AND GRAPHIC SHOP

Maracanaú, Brazil
